Diploma Supplement «MAS in Health Service Management»

This Diploma Supplement follows the model developed by the European Commission, the Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international transparency and fair academic and professional recognition of qualifications (diplomas, degrees, certificates, etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

1. Information identifying the holder of the qualification

1.1 Family name(s):	Schaaf
1.2 Given name(s):	Jens-Uwe
1.3 Date of birth:	02.06.1962
1.4 Student identification number:	06-196-257

2. Information identifying the qualification

2.1 German and English name of qualification and title conferred, with official abbreviation:

Master of Advanced Studies University of Applied Sciences Eastern Switzerland (MAS FHO) in Health Service Management

2.2 Main field(s) of study (subject areas) for the qualification:

Certificate courses in Management and Policy in Health Care, Planning and Management tools in Health Care, Leadership and Management in Health Care.

2.3 Name and status of institution awarding qualification:

Fachhochschule Ostschweiz (FHO) [University of Applied Sciences of Eastern Switzerland]

Further details as to the status of Universities of Applied Sciences can be found in paragraph 8 of this supplement.

2.4 Name and status of institution administering studies:

FHS St. Gallen, University of Applied Sciences, Department of Business Administration (part of the University of Applied Sciences Eastern Switzerland).

Further information about the school can be found in section 6.1 of this supplement.

2.5 Language(s) of instruction / examination:

German

3. Information on the level of the qualification

3.1 Level of the qualification:

Post-graduate Master (Executive Master/Master of Advanced Studies): Post-graduate study course of the University of Applied Sciences

3.2 Official length of the programme:

60 ECTS credits

1 ECTS credit corresponds to an average investment of 30 working hours.

3.3 Access requirements:

- A successfully completed business related degree course at a University of Applied Sciences or other university is entitlement to direct admission into the programme.
- Candidates holding a degree in a non business related course at a higher professional school or with a higher professional certification are accepted on the basis of an evaluation procedure.

- In addition to the requirements concerning previous qualifications, at least 3 years of managerial and leadership experience.

4. Information on the contents and results gained

4.1 Mode of study:

part-time

4.2 Programme requirements:

Graduates are, thanks to their business-oriented management training and interdisciplinary comprehensive understanding of management tasks and solutions in the field of health care, in a position to:

- develop and implement lasting requirement- and target-group-related visions;
 - to arrive at lasting decisions in management issues based on their problem-related sensitivity;
- shape and steer change processes in a professional manner.

4.3 Details of the programme, grades, assessments and credits obtained:

see relevant grade sheets.

4.4 Grading scheme and marking references:

Local grading scheme:

6 = very good, 5 = good, 4 = sufficient, 3 = insufficient, 2 = poor,

1 = of no value

A = outstanding, B = very good, C = good, D = satisfactory, E = sufficient

FX = fail, F = fail

4.5 Overall classification of the qualification:

see graduation grade report

5. Information on the function of the qualification

5.1 Access to further studies:

No automatic eligibility to subsequent course of study. Allowances may be made for study achievements.

5.2 Professional status:

Graduates of the MAS in Health Service Management are able, with their holistic and entrepreneurial approach in thought and action, together with their specialist knowledge in the major subject, competently undertake a responsible specialist and managerial function.

6. Additional information

6.1 Further details:

Alongside the subject-related contents, the methodological, social and communicative competences of the students are also especially fostered

The postgraduate programme is accredited by FIBAA. FIBAA (Foundation for International Business Administration Accreditation) is a Swiss non-profit agency of quality assurance in the field of education with operative branches in Bonn (Germany) and Zurich (Switzerland). FIBAA scrutinises and fosters public and private educational institutions and creates transparency on the educational market.

The FHS St.Gallen, Hochschule für Angewandte Wissenschaften [University of Applied Sciences of St.Gallen], originated from the former Universities of Economics, Technology and Social Work. With its more than 2000 students, it is today the largest polytechnic institution of Eastern Switzerland. It is an associate of the FHO Fachhochschule Ostschweiz [University of Applied Sciences of Eastern Switzerland] and is supported by the Cantons of St.Gall (SG), Thurgovia (TG), Appenzell Outer Rhodes (AR), and Appenzell Inner Rhodes (AI). FHO today has an enrolment of approximately 3800 students. The Department of Business Administration of the University of Applied Sciences of St.Gallen (FHS St.Gallen) today has approximately 602 degree students and approximately 300 students in postgraduate and continued education. General information on the Swiss Universities of Applied Sciences can be found in paragraph 8 of this Supplement.
